Fellow Kenyans!! And friends of Kenya in Italy, Poland, Greece, Cyprus and Malta

HAPPY MASHUJAA DAY

It is a great pleasure to join you today in celebrating Mashujaa day.

This is the Day we honor and celebrate our Heroes and Heroines for their selfless sacrifices made to secure our freedom, dignity and progress.

As a nation, we have a great sense of pride and belonging because of the courageous acts by our liberators. Therefore, we not only recognize their immense achievements but also celebrate their legacy which we must cherish and promote.

This Mashujaa Day equally reminds us of the need to carry on with our collective national responsibility and duty of building the nation, protecting our heritage and confronting our challenges as a people.

It is therefore my delight to join all of you in celebrating this auspicious occasion.

Happy Mashujaa Day!
